

INTERNATIONAL CONFERENCE
ON MATHEMATICS AND
MATHEMATICS EDUCATION
(ICMME-2018)

27-29 JUNE 2018

ORDU

INTERNATIONAL CONFERENCE ON MATHEMATICS AND MATHEMATICS EDUCATION (ICMME-2018)

Dear Colleagues,

It is our great pleasure to invite you to the International Conference on Mathematics and Mathematics Education “**Mathematics in ORDU**” (ICMME-2018). This event will be held on **June 27-29, 2018** in Ordu/Turkey by the Association of Mathematicians (MATDER).

MATDER is an association founded in 1995 by mathematicians in Turkey. Up to now 14 national and 2 international mathematics symposium was organized by MATDER. These meetings have been one of the main national symposiums. Since the talks in the meetings covers almost all areas of mathematics, mathematics education and engineering mathematics, the conferences have been well attended by mathematicians from academia, ministry of education and engineers as well. The last five conferences have been held in Şanlıurfa (ICMME-2017), Elazığ (ICMME-2016), Niğde (2015), Karabük (2014) and Ankara (2013). This year ICMME-2018 will be held at Ordu University in Ordu/Turkey on 27-30 June 2018 as an international conference.

The main aim of this conference is to contribute to the development of mathematical sciences, mathematical education, and their applications and to bring together the members of the mathematics community, interdisciplinary researchers, educators, mathematicians, and statisticians from all over the world. The conference will present new results and future challenges, in series of invited and short talks, poster presentations, workshops, and exhibitions. The presentations can be done in **English or Turkish**.

About the City:

Ordu is a port city on the Black Sea coast of Turkey, historically also known as Cotyora. The city is world's largest hazelnut producer. It has a rapidly growing tourism in the recent years. Some of famous touristic values are:

- Paşaoğlu Konağı and Ethnographic museum - an ethnographic museum.
- Taşbaşı Cultural Centre - a cultural centre
- Boztepe - a hill of 550 m (1,800 ft) overlooking the town from the west. Since June 2012, an aerial lift system provides an easy way of transportation between the city's coastline and the hilltop. The Ordu Boztepe Gondola can transport hourly 900 passengers up to the hilltop in 6.5 minutes

- Old Houses of Ordu in the old city center
- Yalı Camii, also called Aziziye Camii - a mosque
- Atik İbrahim Paşa Camii, also called Orta Camii - a mosque built in 1770
- Eski Pazar Camii - a mosque with adjoining Turkey baths
- Efirli Camii -a mosque

NOTE:

1) All presented paper's abstracts will be published in the conference proceeding. Moreover, selected and peer review articles will be published in the following journals:

- Turkey Journal of Mathematics & Computer Science (TJMCS)
- MATDER Matematik Eğitim Dergisi

2) The 6th Mathematics competitions between high schools and chess tournament will be organized as well. Please look at the following links to apply

- Chess Tournament
- Mathematics Competitions

Prof. Dr. Ömer AKIN
